<tbody>
<tr>
<td><strong>Standard 1 - Essential Concepts</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>1.2.1: Identify that healthy behaviors impact personal health.</td>
<td>Identify and discuss behaviors that help prevent illness (hand washing, sleep, exercise, brushing teeth, clothing for weather, restroom habits, regular check-ups with the doctor and dentist, school hearing and vision screening).</td>
<td></td>
</tr>
<tr>
<td>1.2.2: Recognize that there are multiple dimensions of health.</td>
<td>Explain germs and how disease is spread.</td>
<td></td>
</tr>
<tr>
<td>1.2.3: Describe ways to prevent communicable diseases.</td>
<td>Discuss and practice strategies to prevent spread of illness (avoid sharing food or drink, cough or sneeze into a tissue or your sleeve, hand washing, avoid sharing hats, combs, brushes).</td>
<td></td>
</tr>
<tr>
<td>1.2.5: Describe why it is important to seek health care.</td>
<td>Practice sun safety by wearing sunscreen, sunglasses, and hats when necessary.</td>
<td></td>
</tr>
<tr>
<td><strong>Standard 2 - Analyzing Influences</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>2.2.1: Identify how the family influences personal health practices and behaviors.</td>
<td>Recognize that doctors and dentists are our partners in maintaining good health.</td>
<td></td>
</tr>
<tr>
<td>2.2.2: Identify what the school can do to support personal health practices and behaviors.</td>
<td>Explain how the media and other influences (family, community) can affect our health.</td>
<td></td>
</tr>
<tr>
<td>2.2.3: Describe how the media can influence health behaviors.</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Standard 7 - Practicing Health-Enhancing Behaviors</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>7.2.1: Demonstrate healthy practices and behaviors to maintain or improve personal health.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>7.2.2: Demonstrate behaviors that avoid or reduce health risks.</td>
<td></td>
<td></td>
</tr>
<tr>
<td><strong>Standard 8 - Health Promotion</strong></td>
<td></td>
<td></td>
</tr>
<tr>
<td>8.2.1: Make requests to promote personal health.</td>
<td></td>
<td></td>
</tr>
<tr>
<td>8.2.2: Encourage peers to make positive health choices.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>

- **Hand Washing:**
  - Informational writing to explain how germs spread in various ways and how hand washing keeps germs from spreading.

- **Technology Extensions:**
  - Students use iPads to share their learning.
  - Read Aloud/Guided Reading/Shared Reading books related to germs.

- **Dental Health:**
  - Dental Screening
  - Local Dental Community Resources for presentations

- **Media:**
  - The media including T.V. and radio advertisements, billboards, movies, books and YouTube can have positive influences on overall health. Share advertisements for local 5K runs, gym memberships. View a fitness infomercial like the one shown below: [https://youtu.be/2hL00RC0j2U](https://youtu.be/2hL00RC0j2U)
### Suggested Lessons Plans/Resources/Activities

- **Apply and connect with ELA - Author’s Purpose, RI.2.6**
  - How does can media persuade us to make better decisions related to our eating habits and physical fitness?
  - How can we know if a source is reliable?
  - In what ways can the media influence our health in a negative way?

- **Sun Safety:**
  - SunWise Curriculum: Grade K-2 Lessons - Wacky Paper Sunglasses Activity (SunWise resource housed with school nurse.)
  - CDC Sun Safety Teacher Information - [http://www.cdc.gov/cancer/skin/basic_info/sun-safety.htm](http://www.cdc.gov/cancer/skin/basic_info/sun-safety.htm)

- **Healthy Habits Unit:**
  - Reading A-Z: Healthy Habits Close Reading
    - Clean Habits
    - Food For Thought
    - Ready, Set, Go
    - Show Some Respect
    - Get Some Rest
  - **Healthy Habits Text - Jigsaw Cooperative Learning:**
    - Have one student from each table group meet to close read one of the Healthy Habits text and make tracks using the note-taking guide. ([access links on Grade 2 webpage](#))
    - Meet with the teacher in a small group to discuss text and plan a Keynote to then share with their table group.
    - Each group will meet to work on their Keynote.
    - Once each group has finished their Keynote, table groups will meet back together and share each Keynote with the main points from each text.
    - Students can use the Keynotes and Healthy Habits texts to pull information for informational writing or the 2nd Grade Writing Assessment prompt, How to Be Healthy.

**Vocabulary students know and use:**
personal & oral hygiene, physical fitness, vision, hearing, germs, exams/check-ups/screening, responsibility, choice, disease, spread, illness, gums, plaque, decay, cavity, UV Rays, sunglasses, sunscreen
**Elementary Health Curriculum - Grade 2**

### NUTRITION

<tbody>
<tr>
<td><strong>Standard 1- Essential Concepts</strong>&lt;br&gt; 1.2.1: Identify that healthy behaviors impact personal health.&lt;br&gt; 1.2.3: Describe ways to prevent communicable diseases.</td>
<td>- Name the five <em>MyPlate</em> food groups and be able to identify food choices within each group. (Reinforce from K-1)&lt;br&gt; - Demonstrate proper hand-washing techniques and identify the importance of washing hands before and after preparing food and eating. (Reinforce from K-1)&lt;br&gt; - Explain and discuss the importance of making healthy food choices for meals and snacks.&lt;br&gt; - Compare and contrast the results of making healthy and unhealthy food choices.&lt;br&gt; - Discuss benefits of daily water intake.</td>
<td>➢ <strong>Serving My Plate, U.S. Department of Agriculture: Resources and Reproducibles</strong>&lt;br&gt; <a href="https://www.fns.usda.gov/sites/default/files/tn/sump_level1.pdf">https://www.fns.usda.gov/sites/default/files/tn/sump_level1.pdf</a>&lt;br&gt; - First Course Reproducible- Menu Plan (pages 7 – 12)&lt;br&gt; - Third Course Reproducible- Switcharoo (pages 19-24)&lt;br&gt; Suggested Ideas: Keep a food journal at home, analyze food choices and create a new Menu Plan based on healthy choices.</td>
</tr>
<tr>
<td><strong>Standard 2- Analyzing Influences</strong>&lt;br&gt; 2.2.3: Describe how the media can influence health behaviors.</td>
<td>➢ <strong>Reading A-Z Resources:</strong>&lt;br&gt; - [Bonk, The Healthy Monster](Level J)&lt;br&gt; - [An Apple a Day](Level R - Choose pages, paragraphs, sentences or the entire book based on reading levels and/or plan for use.)</td>
<td></td>
</tr>
<tr>
<td><strong>Standard 5- Decision Making</strong>&lt;br&gt; 5.2.1: Identify situations when a health-related decision is needed.</td>
<td>➢ <strong>Reading Nutrition Labels and Identifying Added Sugars:</strong>&lt;br&gt; - [An Apple a Day](pg. 15-16) Reading Food Labels and Identifying Added Sugars&lt;br&gt; - Sugar Cube PowerPoint and Experiment (access link on Grade 2 webpage)</td>
<td></td>
</tr>
<tr>
<td><strong>Standard 7- Practicing Health-Enhancing Behaviors</strong>&lt;br&gt; 7.2.1: Demonstrate healthy practices and behaviors to maintain or improve personal health.&lt;br&gt; 7.2.2: Demonstrate behaviors that avoid or reduce health risks.</td>
<td>➢ <strong>Handwashing Lessons:</strong> found under Personal and Community Health.</td>
<td></td>
</tr>
<tr>
<td><strong>Standard 8- Health Promotion</strong>&lt;br&gt; 8.2.1: Make requests to promote personal health.&lt;br&gt; 8.2.2: Encourage peers to make positive health choices.</td>
<td></td>
<td></td>
</tr>
</tbody>
</table>
## Media Influences: Not All Foods are Created Equal

- Advertisements, commercials, restaurants and other persuasive influences often portray unhealthy portion sizes of our favorite "sometimes foods". The goal of this lesson is not to focus on calorie intake, but rather the concept that portions of fruits, vegetables and proteins may be consumed in greater portions than our "sometimes foods".

- Portion size (What do 100 Calories Look Like) PowerPoint ([access link on Grade 2 webpage](#)). This activity could also be tied with the student’s food journal.

### Vocabulary students know and use:
- food groups,
- “anytime” foods,
- “sometimes” foods,
- MyPlate,
- breakfast,
- full,
- hungry,
- color,
- physically active,
- fuel,
- hydration,
- protein,
- calcium,
- nutrition

**National Health Education Standards**

<table>
<thead>
<tr>
<th>Standard</th>
<th>Description</th>
<th>Performance Indicators PreK – Grade 2</th>
</tr>
</thead>
</table>
| **Standard 1** Students will comprehend concepts related to health promotion and disease prevention to enhance health. | **Rationale:** The acquisition of basic health concepts and functional health knowledge provides a foundation for promoting health-enhancing behaviors among youth. This standard includes essential concepts that are based on established health behavior theories and models. Concepts that focus on both health promotion and risk reduction are included in the performance indicators. | 1.2.1 Identify that healthy behaviors impact personal health.  
1.2.2 Recognize that there are multiple dimensions of health.  
1.2.3 Describe ways to prevent communicable diseases.  
1.2.4 List ways to prevent common childhood injuries.  
1.2.5 Describe why it is important to seek health care. |
| **Standard 2** Students will analyze the influence of family, peers, culture, media, technology, and other factors on health behaviors. | **Rationale:** Health is affected by a variety of positive and negative influences within society. This standard focuses on identifying and understanding the diverse internal and external factors that influence health practices and behaviors among youth, including personal values, beliefs, and perceived norms. | 2.2.1 Identify how the family influences personal health practices and behaviors.  
2.2.2 Identify what the school can do to support personal health practices and behaviors.  
2.2.3 Describe how the media can influence health behaviors. |
| **Standard 3** Students will demonstrate the ability to access valid information, products, and services to enhance health. | **Rationale:** Access to valid health information and health-promoting products and services is critical in the prevention, early detection, and treatment of health problems. This standard focuses on how to identify and access valid health resources and to reject unproven sources. Application of the skills of analysis, comparison, and evaluation of health resources empowers students to achieve health literacy. | 3.2.1 Identify trusted adults and professionals who can help promote health.  
3.2.2 Identify ways to locate school and community health helpers. |

<tr>
<th>National Health Education Standards</th>
<th>Performance Indicators PreK – Grade 2</th>
</tr>
</thead>
<tbody>
<tr>
<td><strong>Standard 4</strong> Students will demonstrate the ability to use interpersonal communication skills to enhance health and avoid or reduce health risks.</td>
<td>4.2.1 Demonstrate healthy ways to express needs, wants, and feelings.</td>
</tr>
<tr>
<td><strong>Rationale:</strong> Effective communication enhances personal, family, and community health. This standard focuses on how responsible individuals use verbal and non-verbal skills to develop and maintain healthy personal relationships. The ability to organize and to convey information and feelings is the basis for strengthening interpersonal interactions and reducing or avoiding conflict.</td>
<td>4.2.2 Demonstrate listening skills to enhance health.</td>
</tr>
<tr>
<td></td>
<td>4.2.3 Demonstrate ways to respond in an unwanted, threatening, or dangerous situation.</td>
</tr>
<tr>
<td></td>
<td>4.2.4 Demonstrate ways to tell a trusted adult if threatened or harmed.</td>
</tr>
<tr>
<td><strong>Standard 5</strong> Students will demonstrate the ability to use decision-making skills to enhance health.</td>
<td>5.2.1 Identify situations when a health-related decision is needed.</td>
</tr>
<tr>
<td><strong>Rationale:</strong> Decision-making skills are needed to identify, implement, and sustain health-enhancing behaviors. This standard includes the essential steps that are needed to make healthy decisions as prescribed in the performance indicators. When applied to health issues, the decision-making process enables individuals to collaborate with others to improve their quality of life.</td>
<td>5.2.2 Differentiate between situations when a health-related decision can be made individually or when assistance is needed.</td>
</tr>
<tr>
<td><strong>Standard 6</strong> Students will demonstrate the ability to use goal-setting skills to enhance health.</td>
<td>6.2.1 Identify a short-term personal health goal and take action toward achieving the goal.</td>
</tr>
<tr>
<td><strong>Rationale:</strong> Goal-setting skills are essential to help students identify, adopt, and maintain healthy behaviors. This standard includes the critical steps that are needed to achieve both short-term and long-term health goals. These skills make it possible for individuals to have aspirations and plans for the future.</td>
<td>6.2.2 Identify who can help when assistance is needed to achieve a personal health goal.</td>
</tr>
</tbody>
</table>
### National Health Education Standards

**Standard 7** Students will demonstrate the ability to practice health-enhancing behaviors and avoid or reduce health risks.  
**Rationale:** Research confirms that practicing health-enhancing behaviors can contribute to a positive quality of life. In addition, many diseases and injuries can be prevented by reducing harmful and risk-taking behaviors. This standard promotes the acceptance of personal responsibility for health and encourages the practice of healthy behaviors.

<table>

</thead>
<tbody>
<tr>
<td>7.2.1 Demonstrate healthy practices and behaviors to maintain or improve personal health.</td>
</tr>
<tr>
<td>7.2.2 Demonstrate behaviors that avoid or reduce health risks.</td>
</tr>
</tbody>
</table>

**Standard 8** Students will demonstrate the ability to advocate for personal, family, and community health.  
**Rationale:** Advocacy skills help students promote healthy norms and healthy behaviors. This standard helps students develop important skills to target their health-enhancing messages and to encourage others to adopt healthy behaviors.
