Making a Difference

Volunteer with kids in schools

Looking for a way to give back to your community? Mentoring youth in your local schools is a great place to start. It's an investment in a child's life. Youth Mentors inspire students to expand their view of possibilities and open new worlds.

Connecting Caring Adults

Studies show that a positive role model in a young person's life helps students achieve success. Olathe's Youth Mentor program is fun and meaningful. Serving students in grades K to 12, volunteers consistently encourage students to set and achieve goals. All activities take place on school grounds during school hours.

Discover the Fun!

Volunteers in Olathe schools have a variety of ways to get involved. They determine whether they want to work with one student or a group. Choose the day you would like to volunteer and the age group you enjoy. Youth Mentors can choose a school location near their work or home.

- Be a lunch buddy
- Tutor
- Read to a small group of students
- Be a career coach
- Share a special talent
- Be a good friend

See a young person succeed—volunteer in Olathe schools!

How do you become a Youth Mentor?

- 1** Complete an application and consent to a background screening. Download an application at <http://www.olatheschools.com/community2/volunteering/youthmentors>.
- 2** Choose a volunteer activity and school near your home or work.
- 3** Schedule an interview and attend a training.
