

Olathe Public Schools Strategic Plan 2021-2026

Integrity Vision Accountability Resilience Innovation Inclusivity

A Message from the Board of Education and Superintendent

When the Olathe Public Schools Strategic Plan was approved in October 2019, we were energized by the roadmap that it created for our students, staff, schools and community. With the Portrait of a Graduate and the skills it outlined that we wanted our students to know and be able to do as our goal, the Strategic Plan sets a clear path for the district to follow. But with the lessons learned since late 2019, the need to refocus on the Strategic Plan effort became vital and the Strategic Plan was relaunched in fall 2021. The core elements of the plan have not changed, rather we are more committed than ever to meeting its goals of High Academic Expectations for All, Behavior and Social-Emotional Learning, Human Resources, and Effective Systems and Prioritized Resources. Additionally, we have incorporated a greater focus on diversity and engagement. We are energized by these new focuses and look forward to seeing the positive impact they will make on our schools and community.

We will be regularly sharing updates on our Strategic Plan work on the district website so be sure to watch for those. As always, thank you for your support of the Olathe Public Schools.

OPS District Overview

Portrait of a Graduate: Every school system is unique, and is connected by a shared aspiration: that all students have an educational experience preparing them to be successful post-graduation. Now more than ever, that learning experience must not only provide for the acquisition of rigorous academic content, it must also be more intentional about fostering critical thinking, encompass specific 21st century skills, and habits of mind needed to navigate and thrive in a complex, rapidly changing world.
