Advantages of JCCC or KCKCC pathway to K-State

- Lowers the cost of attending college.

- Complete up to half of your degree at your local community college and finish your last two years online.

- Save money with $10 Open/alternative textbooks available for many College of Education classes.

- Students complete field (student teaching) experience in accredited schools near where they currently live.

- Flexibility during student teaching which allows students to work (individual circumstances may vary).

- Use of Go React technologies enables real-time and video classroom observations and evaluation.

- The program follows the learning community model.

- Professional academic advisors at K-State available to assist with transfer plan.

- Classes taught by K-State faculty with more than 1,000 years of K-12 teaching experience.

- Students have the support of an on site K-State adjunct faculty member.

- ESL, Special Ed Provisional license and Online teaching certificate available (additional credit hours may apply).
