INTRODUCTORY SECTION

November 17, 2023

TO THE CITIZENS AND BOARD OF EDUCATION OF THE OLATHE DISTRICT SCHOOLS:

It is with great pleasure that we present the Annual Comprehensive Financial Report of the Olathe District Schools, USD #233 for the fiscal year ended June 30, 2023.

This report contains financial statements, supplemental statements and other related information to provide complete and full disclosure of all material financial aspects of the district for the 2023 fiscal year. It includes information on all funds as identified by the Governmental Accounting Standards Board (GASB), and all activities considered to be part of the district by Kansas statutes.

Responsibility for both the accuracy of the presented data and the completeness and fairness of the presentation, including disclosures, rest with the district and more specifically, the Business and Financial Services Division. This department confirms that the accounting system and the budgetary and internal accounting controls of the district provide reasonable assurance that the district assets are safeguarded against loss and those financial records are reliable for preparing financial statements and maintaining accountability for assets. Based on these systems and controls, the information included in this report is believed to be accurate in all material aspects and is reported in a manner intended to fairly present the financial position and results of operations of the various funds and accounts of the Olathe District Schools.

The district's financial statements have been audited by the firm Allen, Gibbs & Houlik, L.C. The goal of the independent audit was to provide reasonable assurance that the financial statements of the district for the fiscal year ended June 30, 2023, are free of material misstatement. The independent audit involved examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements; assessing the accounting principles used and significant estimates made by management; and evaluating the overall financial statement presentation. The independent auditor concluded, based upon the audit, that there was a reasonable basis for rendering an unmodified opinion that the district's financial statements for the fiscal year ended June 30, 2023, are fairly presented in conformity with Generally Accepted Accounting Principles (GAAP). The independent auditor's report is presented as the first component of the financial section of this report.

GAAP requires that management provide a narrative introduction, overview and analysis to accompany the basic financial statements in the form of Management's Discussion and Analysis (MD&A). This letter of transmittal is designed to complement the MD&A and should be read in conjunction with it. The district's MD&A can be found immediately following the report of the independent auditors.

PROFILE OF DISTRICT

The Olathe Public Schools, known for quality and excellence, has experienced continuous growth since 1965. As enrollment has grown, student achievement has increased. Currently, Olathe Public Schools is the second largest school district in the state of Kansas. The district covers 74.6 square miles in Johnson County and provides general and special educational services for the majority of Olathe as well as portions of Overland Park, Lenexa and Shawnee to give a total district population of 170,429. As of June 30, 2023, The Olathe Public Schools has 36 elementary schools, 10 middle schools, 5 high schools and 8 specialty facilities. The current age of the district's school buildings has a wide range as the elementary buildings range from 4 to 72 years of age, middle schools range from 5 to 55 years old and the high schools range from 6 to 65 years of age. District enrollment began in 1965 at 3,687 and has increased to 28,574 for 2022-2023. Enrollment decreased slightly from 28,866 in 2021-2022 and is projecting another decrease to 28,445 for 2023-24 school year.

Olathe Public Schools is very proud of the accomplishments of its students and staff. Students are regularly recognized for their achievements in academics and athletics. Olathe students score well above state and national averages for both ACT and SAT examinations. Highly qualified instructors have been honored by their peers locally and nationwide for a variety of accomplishments. District teachers have been awarded numerous educator awards such as "Teacher of the Year" designations and "Outstanding Educator" certifications from various state and national organizations.

The district is governed by a seven-member Board of Education. Members of the Board are elected for staggered four-year terms and represent area positions in three districts as well as one at-large board position. In addition to making final district policy decisions, the Board appoints the Superintendent of Schools, who is responsible for carrying out Board policies. In fiscal year 2022, the Superintendent was assisted by a Deputy Superintendent, four Assistant Superintendents, and the Chief Financial and Operations Officer. 2,865-plus teachers and administrators and approximately 1,707 classified staff provide an innovative and quality education at every level.

ECONOMIC CONDITION AND OUTLOOK

The communities surrounding Olathe Public Schools have been fortunate to continue to experience growth over these past challenging years. Olathe remains attractive to both families and business as evidenced by the increase in property valuations and the increase of new housing developments. As the economy continues to recover from Covid-19, Olathe has maintained an unemployment rate of 2.3%, compared to the 3.6% national rate.

Olathe Public Schools faces several challenges in the coming years. Our enrollment continues to slowly decline and is not expected to increase, only flatten. Flat enrollment coupled with decreasing funding from Extraordinary Growth/Ancillary Weighting (BOTA) for the next three years translates to decreased funding for the next several years. The district does not anticipate the need for large budget reductions like were implemented in 2021; however, expenditure budgets will have to be closely monitored to ensure balanced budgets going forward.

MAJOR INITIATIVES

Academic Achievement

Our educators and students have been hard at work with a continued focus on academic achievement. We are committed to providing our students with the tools and support they need to excel in their studies. Students have already completed their initial FastBridge screening before the first quarter of the year is completed. This assessment allows educators to meet state-required assessment and screening on one platform, and in all cases reduces the amount of time students are assessing. The information gained from FastBridge directly informs the district's Multi-Tiered System of Support for reading and math, allowing educators to proactively meet the needs of students.

Diversity and Engagement with an Emphasis on Inclusivity

In Olathe Public Schools, we are committed to our strategic plan goal to actively include and value all students and staff to meet their unique needs. This includes providing equitable opportunities in order to develop their understanding and respect of differences, thus preparing them to live in an inclusive, global community and world. We believe in creating an environment where every student, regardless of their background, feels valued and included. To achieve this vision, our dedicated department of Culture and Belonging has created the Diversity and Engagement Advisory Council, staff affinity groups, the Culture Setters voluntary course for educators with an opportunity to earn college credit, and helps support the wide variety of diversity and inclusion clubs districtwide.

Community Engagement

In the 2022-23 school year, Olathe Public Schools welcomed 60,000+ visitors into our auditoriums, classes, gymnasiums, and the like. We continue to invite our community to be engaged in our schools whether it's through volunteering, visiting our classrooms to see learning in action, participating in a school site council or PTO, or participating in surveys and feedback opportunities.

These three focuses have informed our district theme of #OPSTogether. In the 2023-24 school year, the district is inviting the Olathe Public Schools community to move "Forward Together" — to lock arms and take steps forward as a team of students, staff, families and community members. We want to move toward high academic achievement and growth, dedicated parent and community engagement, and a strengthened culture of belonging for our students and staff.

Budgetary Principles

In addition to internal accounting controls, the district maintains budgetary controls. The district prepares an Annual Budget Report that provides excellent information about the Olathe Public Schools and our priorities for student achievement. The development, review and consideration of all State Budgeted funds is completed with a detailed review of revenue and expenditure items within the context of the District's mission, goals and financial commitments. Furthermore, it is the District's responsibility to publish and disseminate budget information to the Board of Education and local community. The budget is prepared on the cash basis of accounting as required by state statute. Specifics regarding budgetary information can be found in the Notes to the Basic Financial Statements.

Legal Requirements

The annual comprehensive financial report fulfills the local, state, federal and grant requirements to have the financial statements of the District undergo an annual audit. Including the requirements of KMAAG, the Uniform Guidance and other state and federal requirements.

The accompany basic financial statements comply with the provisions of Governmental Accounting Standards Board (GASB) Statement No. 14, The Financial Reporting Entity, and Statement No. 39, Determining Whether Certain Organizations are Component Units, and Statement No. 61, The Financial Reporting Entity: Omnibus as amendment of GASB Statements No. 14 and No.34, in that the basic financial statements include all organizations, activities and functions for which the District is financially accountable. Financial accountability is defined as the appointment of a voting majority of a component unit's board and either (i) the District's ability to impose its will over a component unit, or (ii) the possibility that the component unit will provide a financial benefit or impose a financial burden on the District. On that basis, the reporting entity of the District includes the services of the District only. The District does not have any component units or affiliated charter schools.

Reporting Policies

The district's accounting system accumulates financial information in accordance with the Kansas Accounting Handbook and tracks expenditures by fund, function and object. Further accountability is provided by responsibility budgeting. This system allows effective monitoring of the expenditure of budget appropriations at the department level. Reports comparing actual revenues and expenditures to budgeted amounts are prepared each month for management's use. Summarized monthly revenue and expenditure reports are also presented to the District's

Board Finance Committee and Board of Education. Statutory budget control is at the fund level. Internal budget control is at the account level.

AWARDS AND ACKNOWLEDGEMENTS

Annual Comprehensive Financial Report Certifications

The Association of School Board Officials International (ASBO) awarded its Certificate of Excellence in Financial Reporting to the District for its Annual Comprehensive Financial Report for the year ended June 30, 2022. In order to be awarded this certificate, the District must publish the Annual Comprehensive Financial Report that is easily readable, efficiently organized and conforms to program standards. Such reports must satisfy both GAAP and applicable legal requirements. A Certificate of Excellence is valid for a period of one year only.

The District believes that its current Annual Comprehensive Financial Report meets the Certificate of Excellence program requirements and will submit it to ASBO to determine its eligibility for certification.

The District is submitting its budget document to ASBO for the Meritorious Budget Award in 2023-2024. This program recognizes excellence in school system budgeting and evaluates budget documents against specific criteria and minimum standards. Our submission is expected to again be awarded the Meritorious Budget Award, as the previous sixteen submissions were.

Acknowledgements

The preparation of this Annual Comprehensive Financial Report was made possible by the dedication and effort of the entire Business and Financial Services Division staff. We also thank the staff of Allen, Gibbs and Houlik, L.C, and the members of the Board of Education for their interest and support in planning and conducting the financial operations of the District in a responsible and insightful manner.

Sincerely,

INDEPENDENT AUDITOR'S REPORT

The Board of Education
Unified School District No. 233

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, each major fund, budgetary comparison information, and the aggregate remaining fund information of the Unified School District No. 233 (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, each major fund, budgetary comparison information, and the aggregate remaining fund information of the District, as of June 30, 2023, and the respective changes in financial position, and, where applicable, cash flows thereof and the respective budgetary comparison for the General, Special Education, KPERS Special Retirement Contribution, and Federal Awards funds for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*) and the *Kansas Municipal Accounting and Audit Guide*. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute

assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, no such opinion is expressed.
- evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the District's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information listed on the table of contents be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with GAAS, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Supplementary Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The combining and individual fund schedules and the schedule of expenditures of federal awards, as required by Title 2 U.S. *Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*, are presented for purposes of additional analysis and are not a required part of the basic financial

statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with GAAS. In our opinion, the combining and individual fund schedules and the schedule of expenditures of federal awards are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the introductory and statistical sections but does not include the basic financial statements and our auditor's report thereon. Our opinions on the basic financial statements do not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If, based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 17, 2023 on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the District's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the District's internal control over financial reporting and compliance.

UNIFIED SCHOOL DISTRICT NO. 233
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended June 30, 2023
Unaudited

Our discussion and analysis of Unified School District No. 233, Olathe District Schools financial performance provides an overview of the District's financial activities for the fiscal year ended June 30, 2023. The District's overall financial position improved for the year ended June 30, 2023. This narrative should be read in conjunction with the District's financial statements, which begin on page nine.

Financial Highlights

- * Total liabilities plus deferred inflows of resources exceeded the total assets plus deferred outflows of resources by \$158.8 million. The District-wide net position totaled \$[158.8] million at the end of the current fiscal year.
- * The District-wide current assets exceed the current liabilities by \$317.6 million, representing the District's ability to meet its current obligations when due.
- * Total capital assets, net of accumulated depreciation at June 30, 2023 totaled \$525 million.
- * During the year ended June 30, 2023, the District's total revenues (which include charges for services, local taxes and state and federal aid) was more than total expenses by \$24.8 million.
- * The District's general obligation indebtedness decreased by \$42.6 million.
- * The District's net capital assets increased \$6 million in the current fiscal year.

Using This Financial Report

This annual report consists of two distinct series of financial statements: district-wide and funds. In addition, the annual report includes budgetary-basis financial statement comparisons, in accordance with the State of Kansas cash basis and budget laws.

The district-wide statements are designed to provide information about the Olathe District School's activities as a whole and provide a longer-term view of the District's finances. The fund financial statements tell how the District's services for both governmental and business-type activities were financed in the short term as well as what remains for future spending. Fund financial statements report the District's operations in greater detail than the district-wide statements by providing information about the District's most significant funds. In addition, combining statements included in the supplemental information show detail of all other governmental funds. The District also holds agency funds on behalf of various building level organizations. These funds are reported in a separate statement.

Reporting on the School District as a Whole (District Wide)

Statement of Net Position and the Statement of Activities

The view of the Olathe District Schools as a whole looks at all financial transactions and asks the question, "Are we in a better financial position as a result of the current year's financial activities?" The Statement of Net Position and the Statement of Activities provide the basis for answering this question. The statements include all assets and all liabilities using the accrual basis of accounting, which is similar to the accounting method used by most private-sector companies. This basis of accounting takes into account all of the current year's revenues and expenses, regardless of when cash is received or paid.

These two statements report the District's net position and current year change in net position. The change in net position is important because it tells the reader whether the District, as a whole, has improved or diminished its financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating. Causes of these changes may be the result of many factors, some financial, some not. Non-financial factors include the District's property tax base, state and federal educational mandates, state public education funding formulas, and the financial condition of the State of Kansas general fund.

UNIFIED SCHOOL DISTRICT NO. 233
MANAGEMENT'S DISCUSSION AND ANALYSIS
For the Year Ended June 30, 2023
Unaudited

In the Statement of Net Position and the Statement of Activities, the District is divided into two distinct kinds of activities:

Governmental Activities - Most of the District's programs and services are reported here including instruction, support services, non-instructional services and other.

Business-Type Activities - These services are provided on a charge for goods and services basis to recover all of the expenses of the goods or services provided. The District's Food Services, Summer School and Driver Training are reported as business-type activities. In addition, the District's self-insured workers' compensation fund, the health insurance fund, and the risk management fund are treated as internal service funds.

Reporting the District's Most Significant Funds (Fund Financial Statements)

Fund financial statements provide detailed information about the District's major funds. The District uses many funds to account for a multitude of financial transactions. The main fund financial statements focus on the District's most significant funds. Combining fund balance sheets and statements of revenues, expenditures and changes in fund balances provide detailed information about all of the District's non-major governmental funds.

Governmental Funds - Most of the District's activities are reported in the governmental funds, which focus on how money flows into and out of the funds and balances left over at fiscal year end available to be spent in future periods. These funds are reported using an accounting method called modified accrual accounting, which measures cash and all other financial assets that can readily be converted to cash. The governmental fund statements provide a detailed short-term view of the District's general operations and the basic services it provides. Governmental fund information helps the reader to decide where there are more or fewer financial resources that can be spent in the near term to finance the District's educational programs. Major differences between the District's governmental activities as reported in the Statement of Net Position and the Statement of Activities and its governmental funds are reconciled in the Governmental Funds financial statements.

Proprietary Funds - Proprietary funds (Food Services, Summer School and Driver Training) are enterprise funds that use the same basis of accounting as business-type activities, therefore, these statements replicate the information provided in the District-wide financial statements.

The assets of the District are classified as current assets and noncurrent assets. Cash and investments and property taxes in process of collection are the largest current assets. These are assets that are available to provide resources for the near-term operations of the District. Noncurrent assets include capital assets used in the operations of the District. These assets include land, land improvements, buildings, building improvements, vehicles, furniture, equipment and technology.

Current and non-current liabilities are classified based on anticipated liquidation either in the near-term or in the future. Current liabilities include accounts payable, payroll-related liabilities, compensated absences and early retirement, and current portion of long-term obligations. Current assets exceed current liabilities by \$317.6 million, representing the District's ability to meet current obligations when due.

The District has \$774.6 million in long-term debt, consisting of general obligation bonds, of which \$40.6 million is due within the next fiscal year. GASB 68, Accounting and Financial Reporting for Pensions, was implemented as of July 1, 2014. The standard's implementation is driving the changes in deferred outflows of resources, deferred inflows of resources and the noncurrent liability.

The District has total assets plus deferred outflows of resources at June 30, 2023 totaling \$1.07 billion. The total liabilities plus deferred inflows of resources of the District exceeded the total assets plus deferred outflows of resources by \$158.8 million. Net investment in capital assets (including cash balances in capital project funds), totaled \$[1.5] million, restricted net position totaled \$321 million and unrestricted net position totaled \$[478.3] million.

Government-Wide Activities

The following is a condensed statement of the District's change in net position for the year ended June 30, 2023. Major items of program revenues, grants and general revenues are detailed. District-wide activities increased the net position of the District by \$24.8 million for the year ended June 30, 2023. A reconciliation of the total change in fund balances for the governmental funds to the Statement of Activities is located at page 14 of the basic financial statements. Major differences in the Statement of Activities and changes in the fund balances of governmental funds as expenditures in the funds statements include the repayment of long-term debt of \$40.1 million which is treated as expenditures in the funds statements, but is treated as a reduction of long term debt in the District wide statement of activities. Also, the \$29.7 million of capital outlays to purchase or rebuild assets are reported in the governmental funds as expenditures, however, for governmental activities these costs are shown as assets.

Financial Analysis of the District's Funds

The District uses fund accounting to ensure and demonstrate compliance with state and federal finance related legal requirements. These funds are accounted for on the modified accrual basis of accounting.

The governmental funds of the District provide information on near-term inflows, outflows and balances of spend - able resources. Unassigned fund balances, in particular, measure the District's net resources available for spending at the end of the District's fiscal year.

Total fund balances at June 30, 2023 for the governmental funds totaled \$348 million. Total restricted fund balances at June 30, 2023 were \$270 million, of which approximately \$70.6 million was attributable to the Debt Service Fund.

The General Fund is the chief operating fund of the District. The ending fund balance of the General Fund was approximately \$10.7 million at June 30, 2023. This balance represents a timing issue with the balance being encumbered in full at June 30, 2023.

The Supplemental General Fund is used to account for the general operations of the District and all unassigned revenues and expenditures not provided for in other funds. The ending fund balance of the Supplemental General Fund was approximately \$2 million at June 30, 2023. By State statute, this balance must be utilized to reduce the maximum amount of taxes that may be levied in the following year.

The Special Education Fund is used to account for federal and state aid revenues received and used for the education of students with special needs. The ending fund balance of the Special Education Fund was approximately \$6.9 million at June 30, 2023, up approximately \$3.4 million from the previous year. More money was transferred over to this fund this year because of lesser needs in other funds.

The KPERS Special Retirement Contribution Fund is used to account for the State's on-behalf payments to the District's retirement fund as revenue and expense. The ending fund balance was \$0 at June 30, 2023, in accordance with Kansas State Department of Education requirements.

The Debt Service Fund is used to accumulate tax revenues and other revenues for the payment of principal and interest on general long-term debt. The fund has adequate funds accumulated to make the September 2023 principal and interest requirements, while decreasing \$7.2 million from the previous year. The majority of this variance is caused by the Bond principal retirement and interest payments.

The Capital Outlay Fund is used to account for tax revenues that are primarily utilized for the acquisition, construction, and remodeling of school district buildings. The ending fund balance of the Capital Outlay Fund was approximately \$10.3 million at June 30, 2023, down approximately \$.265 million over the prior year. The district is continuing to working on catching up on some much-needed maintenance and security upgrades on our buildings.

The 2022 Construction Fund is used to account for the acquisition, construction, and renovation of major capital facilities financed by the District's general obligation bond issues. The ending fund balance of the 2022 Construction fund was approximately \$240.7 million at June 30, 2023, down approximately \$48.7 million over the prior year. A majority of the money currently is being spent on the middle school building.

Total net position at June 30, 2023 for the business-type funds totaled \$9 million. Total unrestricted fund balances at June 30, 2023 were \$7 million, of which approximately \$6.7 million was attributable to the Food Service Fund.

The Food Service Fund is used to account for all monies received and expended attributable to the District's breakfast and lunch programs. The ending fund balance of the Food Service Fund was approximately \$8.7 million at June 30, 2023, increasing by \$.6 million. The variance is primary caused by an increase of students purchasing school lunch.

The Summer School Fund is used to account for user fees derived from summer school education programs and the expenses necessary to carry out these programs. The ending fund balance of the Summer School Fund was approximately \$.167 million at June 30, 2023, down \$119,179 from the previous year.

The Driver Training Fund is used to account for state aid and user fees to provide driver's education to students. The ending fund balance of the Driver Training Fund was \$158,428 at June 30, 2023, up \$11,528 from the previous year.

General Fund Budgeting Highlights

The Olathe District School's budgets are prepared in accordance with Kansas law and are based primarily on the basis of cash receipts, disbursements, and encumbrances.

The District's original budgeted expenditures and transfers out in the General fund were \$229,256,332 and the final General Fund budgeted expenditures and transfers out were \$231,040,226. The increase was due to the increase in free/reduced students funding which allowed up to increase the budget.

The District's original budgeted revenue in the General Fund was \$229,256,332 and the final General Fund budgeted revenue was \$231,040,226. The increase was due to increase in free/reduced student funding which affected the state aid revenue.

Kansas statutes allow for the Board of Education to increase the original budget for previously unbudgeted increases in revenues other than ad valorem taxes.

Capital Assets and Debt Administration

The Olathe District School's investment in capital assets for its governmental and business-type activities increased \$6 million to a total of \$525 million as of June 30, 2023. The District is actively involved in new construction and major renovation projects, funded by bond election authority, in order to accommodate the rising maintenance that is needed at our buildings.

Additional information on the District's capital assets can be found in Note 3 of the financial statements.

At June 30, 2023, the District had total bonded debt outstanding of \$774 million, backed by the full faith and credit of the Olathe District Schools. Total long-term debt decreased for the fiscal year ended June 30, 2023, in the amount of \$[42.6] million. The decrease is due to the principal payments that were made during the year.

Additional information on the District's general long-term debt can be found in Note 3 to the financial statements.

RECONCILIATION OF THE TOTAL GOVERNMENTAL FUND BALANCE SHEET TO
NET POSITION OF GOVERNMENTAL ACTIVITIES

June 30, 2023

Total Governmental Fund Balances		\$ 348,088,756
Amounts reported for governmental activities in the statement of net position are different because:		
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds:		
The cost of capital assets is	957,262,873	
Accumulated depreciation is	<u>[433,954,454]</u>	523,308,419
Property taxes receivable to be collected, but are not available soon enough to pay for the current period's expenditures and, therefore, are reported as unavailable in the funds.		3,217,707
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The assets and liabilities of certain internal service funds are included in governmental activities in the statement of net position.		18,118,006
Differences between expected and actual experiences, assumption changes and net differences between projected and actual earnings and contributions subsequent to the measurement date for the postretirement benefits (pension and OPEB) are recognized as deferred outflows of resources and deferred inflows of resources on the statement of net position.		
Deferred outflows - pension related	134,572,836	
Deferred outflows - KPERS OPEB related	1,132,257	
Deferred outflows - OPEB related	6,637,432	
Deferred inflows - pension related	[149,063]	
Deferred inflows - OPEB related	[4,318,483]	
Deferred inflows - KPERS OPEB related	<u>[1,008,055]</u>	136,866,924
Deferred amounts on refundings are reported as deferred inflows of resources in the government-wide financial statements but are not reported in the governmental fund statements.		[6,647,330]
Long-term liabilities, including bonds payable, are not due and payable in the current period and therefore are not reported as liabilities in the funds. Long-term liabilities at year end consist of:		
Compensated absences	[25,922,594]	
Total OPEB liability	[23,507,586]	
Total OPEB liability (KPERS)	[6,592,077]

RECONCILIATION OF THE GOVERNMENTAL FUNDS STATEMENT OF REVENUES, EXPENDITURES,
AND CHANGES IN FUND BALANCES WITH THE GOVERNMENT - WIDE STATEMENT OF ACTIVITIES
For the Year Ended June 30, 2023

Total Net Change In Fund Balances - Governmental Funds		\$ [52,361,043]
Amounts reported for governmental activities in the statement of activities are different because:		
Capital outlays to purchase or build assets are reported in governmental funds as expenditures. However, for governmental activities those costs are shown in the statement of net position and allocated over their estimated useful lives as annual depreciation expenses in the statement of activities. This is the amount by which loss on sale of assets and depreciation expense exceeded capitalizable capital outlays in the period.		
Capital outlays	29,698,720	
Loss on sale of assets	[374,058]	
Depreciation expense	<u>[27,964,230]</u>	1,360,432
Property taxes receivable are treated as unavailable revenues in the governmental funds, but are treated as revenues in the statement of activities.		[1,107,646]
Internal service funds are used by management to charge the costs of certain activities, such as insurance, to individual funds. The revenues and expenses of certain internal service funds are included in governmental activities in the statement of activities.		2,305,391
Interest on long-term debt in the statement of activities differs from the amount reported in the governmental funds because interest is recorded as an expenditure in the funds when it is due, and thus requires the use of current financial resources. Interest accrues, regardless of when it is due. This is the amount by which interest increased.		[1,598,600]
Some expenses reported in the statement of activities, such as compensated absences and net other post employment benefit obligations, do not require the use of current financial resources and therefore are not reported as expenditures in governmental funds.		
Compensated absences		2,049,940
Changes in early retirement benefits		377,013
Changes in OPEB liabilities and related deferred outflows and inflows of resources		[785,079]
Changes in KPERS OPEB liabilities and related deferred outflows and inflows of resources		[231,564]
Changes in pension liabilities and related deferred outflows and inflows of resources		29,477,053
Changes in deferred amount on refunding		592,410
Amortization of bond discount and premium		4,154,898
Repayment of bond and subscription liability principal is an expenditure in the governmental funds but it reduces long-term liabilities in the statement of net position and does not affect the statement of activities.		
Bond principal retirement		38,437,945
Subscription liability principal retirement		<u>1,695,863</u>
Changes In Net Position of Governmental Activities		<u>\$ 24,367,013</u>

UNIFIED SCHOOL DISTRICT NO. 233

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Unified School District No. 233 (the District) is a municipal corporation governed by an elected seven-member board.

As required by generally accepted accounting principles (GAAP), the financial statements present data for all funds of the District.

According to GAAP, the financial reporting entity consists of a) the primary government, b) organizations for which the primary government is financially accountable and c) other organizations whose exclusion from the reporting entity's financial statements would cause those statements to be misleading or incomplete. Any organizations that can be described by these last two items are included with the primary government in the financial statements as component units. The District has no component units; in addition, the District is not included in any other governmental "reporting entity" as defined by GAAP.

B. Government-wide and fund financial statements

The statement of net position and the statement of activities report information on all of the nonfiduciary activities of the District as a whole. For the most part, the effect of interfund activity has been removed from these statements. Exceptions to this general rule are charges between the District's governmental and business-type activities. Elimination of these charges would distort the direct costs and program revenues reported for the various functions concerned. Governmental activities, which normally are supported by taxes and intergovernmental revenues, are reported separately from business-type activities, which rely to a significant extent on fees and charges for support.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program and grants and contributions that are restricted to meeting the operational requirements of a particular program. Taxes and other items which are not classified as program revenues are presented as general revenues of the school district.

Separate financial statements are provided for governmental funds, proprietary funds and fiduciary funds, even though the latter are excluded from the government-wide financial statements. Major individual funds are reported as separate columns in the fund financial statements. Nonmajor funds are aggregated and presented in a single column in the fund financial statements.

C. Measurement focus, basis of accounting, and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available.

UNIFIED SCHOOL DISTRICT NO. 233

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to certain compensated absences and claims and judgments are recognized when the obligations are expected to be liquidated with expendable available financial resources.

Property taxes and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. Entitlements and shared revenues are recorded at the time of receipt or earlier if the susceptible to accrual criteria are met. Expenditure-driven grants are recognized as revenue when the qualifying expenditures have been incurred and all other grant requirements have been met.

Proprietary fund types are accounted for on the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred. The measurement focus in these funds is on the flow of economic resources and emphasizes the determination of net income. All assets and all liabilities associated with their activity are included on their balance sheets. Proprietary fund type operating statements present increases (revenues) and decreases (expenses) in net total assets.

Proprietary funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's ongoing operations. The principal operating revenues of the District's proprietary funds are charges to customers for sales and services. Operating expenses for enterprise funds and internal service funds include the cost of sales and services, administrative expenses, and depreciation on capital assets. All revenue and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Agency funds are custodial in nature and do not measure results of operations or have a measurement focus. Agency funds do, however, use the accrual basis of accounting.

The District reports the following major governmental funds:

The General Fund is used to account for the general operations of the District and all revenues and expenditures not accounted for in other funds.

The Special Education Fund is used to account for federal and state aid revenues received and used for the education of students with special needs.

The KPERS Special Retirement Contribution Fund is used to account for the state's on-behalf payments to the District's retirement fund as revenue and expense. The state is required to contribute based on a predetermined percentage of payroll each year.

The Federal Awards Fund is used to account for the revenues and expenditures associated with federal and state grants that have been awarded to the District for specific purposes.

The Debt Service Fund is used to account for the accumulation of resources for and the payments of interest and principal on general long-term debt, which are general obligations of the District.

The Capital Outlay Fund is used to account for revenues that are primarily utilized for the acquisition, construction, repair and remodeling of school district buildings.

UNIFIED SCHOOL DISTRICT NO. 233

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. Measurement focus, basis of accounting, and financial statement presentation (Continued)

The 2022 Construction Fund is used to account for the acquisition, construction, and renovation of major capital facilities financed by the District's general obligation bond issues.

The other governmental funds of the District account for grants and other resources whose use is restricted to a particular purpose.

The District reports nonmajor proprietary funds to account for all money received and expended attributable to the District's food service, summer school, and driver training programs.

Additionally, the District reports the following fund within the proprietary fund type:

The Internal Service Fund accounts for the financing of goods and services provided to other funds of the District on a cost-reimbursement basis and uses the accrual basis of accounting. The District's internal service funds include the Workers' Compensation Fund, the Health Insurance Fund, and the Risk Management Fund.

For purpose of the statement of cash flows, cash and cash equivalents includes cash, and short-term investments with original maturities of ninety days or less.

D. Material and Supplies Inventory

Material and supplies inventory is valued using the average cost method. Inventories recorded in the Food Services Fund consist of purchased commodities. The cost of all inventories is recorded as an asset when the individual inventory items are purchased, and as an expenditure or expense when consumed. For fund financial statement reporting the reserve for material and supplies inventory is equal to the amount of inventories on hand to indicate that a portion of fund balance is not available for future expenditures.

E. Capital Assets

Capital assets, which include property, plant, equipment, and infrastructure assets are reported in the applicable governmental or business-type activities column in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$10,000, for buildings and \$2,500, for all other capital assets. District capital assets are recorded at historical cost or estimated historical cost if actual historical cost is not available. Donated capital assets are valued at their acquisition value. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The District does not capitalize interest on the construction of capital assets.

UNIFIED SCHOOL DISTRICT NO. 233

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. Capital Assets (Continued)

Property, plant and equipment of the District are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Land Improvements	20
Buildings	50
Building Improvements	20
Furniture	10
Vehicles	10
Equipment	5
Technology	5

Assets which have been acquired with funds received through federal grants must be used in accordance with the terms of the grant. Federal regulations require, in some cases, that the District must reimburse the federal government for any assets which the District retains for its own use after the termination of the grant unless otherwise provided for by the grantor.

F. Compensated Absences Liabilities

District certified and classified employees are allowed paid sick leave between 12 and 15 days per year based on their contract period. Unused sick leave has unlimited accumulation and is intended for use on an extended illness. There are some instances, upon retirement, when sick leave can be converted to additional pay or used to purchase District offered insurance at the time of retirement. The General, Supplemental General, Special Education and Non-Major Governmental Funds have been used in prior years to liquidate the liability for compensated absences.

District certified and classified employees are allowed paid personal leave between 1 and 4 days per year based on length of service. If these days are not used, they can be converted to double the amount of sick leave each fiscal year.

District classified employees are allowed paid vacation between 10 and 15 days per year based on length of service. Vacation days must be used prior to the end of the fiscal year after the year in which it was earned.

G. Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

H. Fund Balance Classifications

In the fund financial statements, governmental funds report fund balance in the following classifications: nonspendable, restricted, committed, assigned and unassigned. Nonspendable fund balance includes amounts that cannot be spent because they are either not in spendable form or legally or contractually required to be maintained intact. Restricted fund balance indicates that constraints have been placed on the use of resources either by being externally imposed by creditors, grantors, contributors, or laws or regulations of other governments or imposed by law through constitutional provisions or enabling legislation. Committed fund balances include amounts that can only be used for specific purposes pursuant to constraints imposed by formal action of the Board of Education. The Board of Education is the highest level of decision-making authority for the District that can, by adoption of an ordinance prior to the

H. Fund Balance Classifications (Continued)

end of the fiscal year, commit fund balance. Once adopted, the limitation imposed by the ordinance remains in place until a similar action is taken to remove or revise the limitation. Assigned fund balances include amounts that are constrained by the District management's intent to be used for specific purposes, but are neither restricted nor committed. Unassigned fund balance represents fund balance that has not been assigned to other funds and that has not been restricted, committed, or assigned to specific purposes within the General Fund. When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available restricted amounts is considered to be spent first. When an expenditure is incurred for purposes for which committed, assigned, or unassigned fund balance is available, the following is the order in which resources will be expended: committed, assigned and unassigned. A negative unassigned fund balance may be reported in other governmental funds, if expenditures incurred for specific purposes exceeded the amounts restricted, committed, or assigned to those purposes. The following is the detail for fund balance classifications in the financial statements:

I. Net Position

Net position represents the difference between assets plus deferred outflows of resources and liabilities plus deferred inflows of resources. Net investment in capital assets, net of accumulated depreciation, less the outstanding balances of any bonds, notes or other borrowings that are attributable to the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the District or through external restrictions imposed by creditors, grantors or laws or regulations of other governments. The District applies restricted resources when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

NOTES TO THE BASIC FINANCIAL STATEMENTS

June 30, 2023

Note 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

J. Deferred Outflows/Inflows of Resources

In addition to assets, the statement of financial position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until then. The District has three items that qualify for reporting in the government-wide statement of net position for deferred outflows related to the net pension liability, KPERS total OPEB liability, and total OPEB liability. For more information on deferred outflows, see Note 4. A. for pensions, Note 4. F. for OPEB, and Note 4. G. for KPERS OPEB.

In addition to liabilities, the statement of financial position will sometimes report a separate section for *deferred inflows of resources*. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will not be recognized as an inflow of resources (revenue) until that time. The District has four types of items: deferred amount on refunding and deferred inflows related to net pension liability, KPERS total OPEB liability, and total OPEB liability. The government funds report unavailable revenues from one source: property taxes. For more information on deferred inflows, see Note 4. A. for pensions, Note 4. F. for OPEB, and Note 4. G. for KPERS OPEB.

K. Investment Income

The District pools cash and investments across funds. Investment earnings are typically recorded in the capital outlay, capital project and food service funds.

L. New Accounting Pronouncements Not Yet Adopted

The Government Accounting Standards Board (GASB) has issued several statements not yet implemented by the District. The District's management has not yet determined the effect these statements will have on the District's financial statements. However, the District plans to implement all standards by the required dates. Listed below are the issued GASB statements that have not yet been adopted:

- In June of 2022, GASB issued Statement No. 100, *Accounting Changes and Error Corrections – An Amendment of GASB Statement No. 62*, which enhances accounting and financial reporting requirements for accounting changes and error corrections to provide more understandable, reliable, relevant, consistent, and comparable information for making decisions or assessing accountability. The requirements of this statement are effective for accounting changes and error corrections made in the District's financial statements for the fiscal year ending June 30, 2024.
- In June of 2022, GASB issued Statement No. 101, *Compensated Absences*, which enhances accounting and financial reporting requirements by updating the recognition and measurement guidance for compensated absences. The requirements of this statement are effective for accounting changes and error corrections made in the District's financial statements for the fiscal year ending June 30, 2025.

Note 2. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

A. Budgetary Information

Kansas statutes require that an operating budget be legally adopted for the general fund, special revenue funds (unless specifically exempted by statute) and debt service funds. The General Fund and Supplemental General Fund are subject to budgetary limitation by state statute. The statutes provide for the following sequence and timetable in the adoption of the legal annual operating budget:

1. Preparation of the budget for the succeeding year on or before August 1st.
2. Publication in local newspaper of the proposed budget and notice of public hearing on the budget on or before August 5th.
3. Public hearing on or before August 15th, but at least ten days after publication of notice of hearing.
4. Adoption of the final budget on or before August 25th.

If the municipality is holding a revenue neutral rate hearing, the budget timeline for adoption of the final budget has been adjusted to on or before September 20th. The District did hold a revenue neutral rate hearing for this year.

Management may not amend the budget without the approval of the board of education. However, state statutes permit management to transfer budgeted amounts between line items within an individual fund without this approval. In addition, the District has policies that require that department heads obtain business office approval prior to making any such transfers. The legal level of budgetary control is at the fund level.

If the board of education elects to amend the budget, it must publish a notice of public hearing in the local newspaper. At least ten days after publication the hearing may be held and the budget may be amended at that time. The budget for the year ended June 30, 2023, was not amended.

All legal annual operating budgets are prepared using the statutory basis of accounting, in which, revenues are recognized when cash is received and expenditures include disbursements, accounts payable, and encumbrances. Encumbrances are commitments by the District for future payments and are supported by a document evidencing the commitment, such as a purchase order or contract. All unencumbered appropriations lapse at year end, except for capital project funds which are carried forward until such time as the project is completed or terminated. Encumbrances are reported as expenditures in the current year's budgetary presentation and as reservations of fund balances in the governmental fund financial statements prepared in conformity with accounting principles generally accepted in the United States of America. Accordingly, the actual expenditure data presented in the budgetary comparison statements differ from the data presented in the governmental fund financial statements prepared in conformity with accounting principles generally accepted in the United States of America.

A legal operating budget is not required for capital projects funds and certain special revenue funds. Legal operating budgets are required for the following funds: General, Supplemental General, Bilingual Education, Capital Outlay, Driver Training, Food Service, Professional Development, Parent As Teachers, Summer School, Special Education, Extraordinary Growth, Vocational Education, KPERS Special Retirement Contribution, Federal Awards, Cost of Living, Special Liability, Special Assessment, Donations, At Risk (4 Year Old), At Risk (K-12), Virtual Education and Debt Service.

A. Budgetary Information (Continued)

Spending in funds which are not subject to the legal annual operating budget requirements are controlled by federal regulations, other statutes, or by the use of internal spending limits established by the board of education. The Federal Awards Fund had a deficit fund equity at June 30, 2023 of \$[1,315,589], which will be recovered by grant reimbursements in the following year.

The actual data presented in the budgetary comparison statements differs from the data presented in accordance with accounting principles generally accepted in the United States of America (GAAP).

The following is a summary of the effects on the ending fund balances caused by the difference in accounting between the budgetary basis and GAAP.

B. Property Taxes

Taxes are assessed on a calendar year basis, and are levied and become a lien on the property on November 1st in the year of assessment.

The taxes are due upon receipt of the billing, although taxpayers may elect to pay installments on December 20 and May 10. Taxes are distributed to the District as collected by the County Treasurer five times per year. State statutes proscribe the County Treasurer from distributing second half taxes collected prior to July 1 of the ensuing year, unless the County Commission enters into a special agreement with the District to distribute taxes early.

Note 3. DETAILED NOTES ON ALL FUNDS

A. Investments

The District's cash is considered to be active funds by management and is invested according to KSA 9-1401. The statute requires that banks eligible to hold active funds have a main or branch bank in the County in which the District is located or in an adjacent county and that the bank provide an acceptable rate for active funds. The District's investments are considered to be idle funds by management and are invested according to KSA 12-1675. The statute requires that at the District invest its idle funds in only temporary notes of the District, bank certificates of deposit, repurchase agreements, and if eligible banks do not offer an acceptable rate for the funds: U.S. Treasuries or Notes, Federal Agency securities (excluding mortgage-backed securities), and the Municipal Investment Pool (KMIP). Maturities of the above investments may not exceed two years by statute, unless the municipality has extended investment authority then it is extended to four years.

Some of the District's investments are of bond proceeds invested pursuant to KSA 10-131. This statute allows additional investment authority beyond that of KSA 12-1675. Investments of bond proceeds may follow KSA 12-1675 or include other investments such as the KMIP, direct obligations of the U.S. government or any agency thereof, and various other investments as specified in KSA 10-131. The District categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs. At June 30, 2023, the District has the following investments:

	Fair Value	Level 1	Rating	Maturity
Investments by fair value level				
U.S. Treasury	\$ 301,496,713	\$ 301,496,713	S&P AA+	Maturing 7/13/2023 to 2/28/2025

The above investments are measured at the net asset value, have an ongoing redemption frequency and liquidity fees or redemption gates are not imposed on any of the investments. The money market investments are composed of U.S. Government securities that are fully collateralized.

The District does not have any formal investment policies that would further limit interest rate, credit or custodial credit risks beyond state statutes.

Concentration of Credit Risk. The District places no limit on the amount it may invest in any one issuer.

Custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District's deposit policy for custodial credit risk require that the depository banks will maintain 100% security in the form of FDIC coverage and pledged collateral according to KSA 9-1402.

The District has entered into various long-term commitments with other municipalities to finance special assessments related to sewer, street, sidewalk and other improvements made involving District property. The funds to satisfy these assessments are generated as a component of the annual property tax levy which is recorded in the Special Assessments Fund. The Debt Service Fund will be used to liquidate the general obligation bonds. The General, Supplemental General, Special Education and Non-Major Governmental Funds have been used in prior years to liquidate the liability for compensated absences, early retirement payable, and total OPEB liability. The net pension liability and total KPERS OPEB liability will be liquidated primarily through KPERS employer contributions made from the KPERS Special Retirement Contribution Fund.

D. Long - Term Liabilities (Continued)

The District's General Obligation Bonds constitute general obligations of the District payable as to both principal and interest from ad valorem taxes which may be levied without limitation as to rate or amount upon all the taxable tangible property, real and personal, within the territorial limits of the District. The full faith, credit and resources of the District are irrevocably pledged for the prompt payment of the principal of and interest on the Bonds as the same become due.

\$114,776,504 of General Obligation Bonds are still outstanding but have been fully defeased and therefore are not reported in the District's financial statements.

Subscription-based information technology arrangements

The District has entered into various subscription-based information technology arrangements with software vendors which consist of the following:

Note 4. OTHER INFORMATION

A. Defined Benefit Pension Plan

Description of Pension Plan. The District participates in a cost-sharing multiple-employer defined benefit pension plan (Pension Plan), as defined in Governmental Accounting Standards Board Statement No. 67, *Financial Reporting for Pension Plans*. The Pension Plan is administered by the Kansas Public Employees Retirement System (KPERs), a body corporate and an instrumentality of the State of Kansas.

KPERs provides benefit provisions to the following statewide pension groups under one plan, as provided by K.S.A. 74, article 49:

- Public employees, which includes:
- State/School employees
 - Local employees
 - Police and Firemen
 - Judges

Substantially all public employees in Kansas are covered by the Pension Plan. Participation by local political subdivisions is optional, but irrevocable once elected.

Those employees participating in the Pension Plan for the District are included in the State/School employee group.

KPERs issues a stand-alone annual comprehensive financial report, which is available on the KPERs website at www.kpers.org.

Benefits. Benefits are established by statute and may only be changed by the State Legislature. Members with ten or more years of credited service, may retire as early as age 55, with an actuarially reduced monthly benefit. Normal retirement is at age 65, age 62 with ten years of credited service, or whenever a member's combined age and years of service equal 85.

Monthly retirement benefits are based on a statutory formula that includes final average salary and years of service. When ending employment, members may withdraw their contributions from their individual accounts, including interest. Members who withdraw their accumulated contributions lose all rights and privileges of membership.

Members choose one of seven payment options for their monthly retirement benefits. At retirement a member may receive a lump-sum payment of up to 50% of the actuarial present value of the member's lifetime benefit. His or her monthly retirement benefit is then permanently reduced based on the amount of the lump sum. Benefit increases, including ad hoc post-retirement benefit increases, must be passed into law by the Kansas Legislature. Benefit increases are under the authority of the Legislature and the Governor of the State of Kansas.

The 2012 Legislature made changes affecting new hires, current members and employers. A new KPERs 3 cash balance retirement plan for new hires starting January 1, 2015, was created. Normal retirement age for KPERs 3 is 65 with five years of service or age 60 with 30 years of service. Early retirement is available at age 55 with ten years of service, with a reduced benefit. Monthly benefit options are an annuity benefit based on the account balance at retirement.

For all pension coverage groups, the retirement benefits are disbursed from the retirement benefit payment reserve fund as established by K.S.A. 74-4922.

A. Defined Benefit Pension Plan (Continued)

Contributions. Member contributions are established by state law, and are paid by the employee according to the provisions of Section 414(h) of the Internal Revenue Code. State law provides that the employer contribution rates are determined based on the results of an annual actuarial valuation. The contributions and assets of all groups are deposited in the Kansas Public Employees Retirement Fund established by K.S.A. 74-4921. All of the retirement systems are funded on an actuarial reserve basis.

For fiscal years beginning in 1995, Kansas legislation established statutory limits on increases in contribution rates for KPERS employers. Annual increases in the employer contribution rates related to subsequent benefit enhancements are not subject to these limitations. The statutory cap increase over the prior year contribution rate is 1.2% of total payroll.

The actuarially determined employer contribution rate for school employees was 14.20%. The statutory contribution rate for school employees was 13.33%. Member contribution rates as a percentage of eligible compensation for the fiscal year ended June 30, 2023 are 6.00% for State/School employees

Employer Allocations. Although KPERS administers one cost-sharing multiple-employer defined benefit pension plan, separate (sub) actuarial valuations are prepared to determine the actuarial determined contribution rate by group. Following this method, the measurement of the collective net pension liability, deferred outflows of resources, deferred inflows of resources, and pension expense are determined separately for each of the following groups of the plan:

- State/School
- Local
- Police and Firemen
- Judges

To facilitate the separate (sub) actuarial valuations, KPERS maintains separate accounts to identify additions, deductions, and fiduciary net position applicable to each group. The allocation percentages presented for each group in the schedule of employer and nonemployer allocations are applied to amounts presented in the schedules of pension amounts by employer and nonemployer. The allocation percentages for the District's share of the collective pension amounts as of June 30, 2022, was based on the ratio of its contributions to the total of the employer and nonemployer contributions of the group for the fiscal years ended June 30, 2022. The contributions used exclude contributions made for prior service, excess benefits and irregular payments. At June 30, 2023, the District's proportion was 4.801%, which was an increase of .078% from its proportion measured at June 30, 2022.

Net Pension Liability. At June 30, 2023 and 2022, the District reported a liability of \$343,112,036 and \$266,093,242, respectively, for its proportionate share of the net pension liability.

Actuarial Assumptions. The total pension liability was determined by an actuarial valuation as of December 31, 2021, which was rolled forward to June 30, 2022, using the following actuarial assumptions:

<u>Assumption</u>	<u>Rate</u>
Price inflation	2.75%
Salary increases, including wage increases	3.50 to 12.00%, including inflation
Investment rate of return	7.00%

A. Defined Benefit Pension Plan (Continued)

Mortality rates were based on the RP-2014 Mortality Tables, with age setbacks and age set forwards as well as other adjustments based on different membership groups. Future mortality improvements are anticipated using Scale MP-2016.

The actuarial assumptions used in the December 31, 2021, valuation were based on the results of an actuarial experience study conducted for the period of January 1, 2016 through December 31, 2018. The experience study is dated January 7, 2020.

The long-term expected rate of return of pension plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. Best estimates of arithmetic real rates of return for each major asset class included in the pension plan's target asset allocation as of June 30, 2022, are summarized in the following table:

<u>Asset</u>	<u>Long-Term Target Allocation</u>	<u>Long-Term Expected Real Rate of Return</u>
U.S. Equities	23.50%	5.20%
Non-U.S. Equities	23.50%	6.40%
Private Equity	8.00%	9.50%
Private Real Estate	11.00%	4.45%
Yield Drive	8.00%	4.70%
Real Return	11.00%	3.25%
Fixed Income	11.00%	1.55%
Short-term investments	<u>4.00%</u>	0.25%
Total	<u>100.00%</u>	

Discount Rate. The discount rate used to measure the total pension liability was 7.00%. The discount rate used to measure total pension liability at the prior measurement date of June 30, 2021 was 7.25%. The projection of cash flows used to determine the discount rate was based on member and employer contributions. In KPERS, the State/School and Local groups do not necessarily contribute the full actuarial determined rate. Based on legislation first passed in 1993 and subsequent legislation, the employer contribution rates certified by the Board may not increase by more than the statutory cap. The statutory cap for Fiscal Year 2022 was 1.2 percent. In recent years, the Legislature has made several changes to statutory rates that deviate from the scheduled contribution increases set under the caps established in 2012 for the State/School group. Under 2015 SB 4, the previously certified State/School statutory rate for Fiscal Year 2015 of 11.27 percent was reduced to 8.65 percent for the last half of the fiscal year as part of the Governor's allotment. That same session, SB 228 recertified statutory rates for the State/School group to 10.91 percent for Fiscal Year 2016 and 10.81 percent for Fiscal Year 2017 in anticipation of the issuance of \$1 billion in pension obligation bonds. Legislation in the 2016 session (SB 161) provided for the delay of up to \$100 million in State and School contributions to the Pension Plan. Legislation passed by the 2017 Legislature removed the repayment provisions included in SB 161.

A. Defined Benefit Pension Plan (Continued)

In addition, 2017 Senate Sub for Sub HB 2052 delayed \$64.1 million in Fiscal Year 2017 State/School contributions, to be repaid over 20 years in level dollar installments. The first payment of \$6.4 million was paid in full at the beginning of Fiscal Year 2019, and appropriations for Fiscal Year 2019 were made at the statutory contribution rate of 12.01 percent for the State/School group. Additional legislation in the 2017 Session (Senate Sub for HB 2002) provided for a reduction of \$194 million from the previously certified contribution rate of 13.21 percent in the State/School contributions for Fiscal Year 2019. Like the Fiscal Year 2017 reduction, it is to be paid back over a 20-year period, beginning in Fiscal Year 2020. Therefore, both reductions will be accounted for as long-term receivables by the Pension Plan. The 2019 Legislature passed House Sub for Sen Bill 109, which directed on-behalf payments of \$56 million and \$82 million be made to the System. The \$56 million payment was received by the System on June 30, 2018, and recorded as Fiscal Year 2018 contributions. The \$82 million was received July 1, 2019, and was recorded as Fiscal Year 2019 contributions. The 2019 Legislative session passed Senate Bill 9 which authorized a transfer of \$115 million to KPERS, received in March 2020. House Sub for Senate Bill 25 from the 2019 Legislative session authorized additional funding for the KPERS School group in Fiscal Year 2020 of \$51 million.

The 2021 Legislature passed H.B. 2405, which authorizes the state of Kansas to issue bonds with net proceeds of \$500.0 million to fund a portion of the School's unfunded actuarial liability. S.B. 159 recertified the State/School contribution rates for Fiscal Years 2022 and 2023. Fiscal Year 2022 was recertified from 14.09 percent to 13.33 percent and Fiscal Year 2023 from 13.86 percent to 13.11 percent. The bond proceeds were received by KPERS on August 26, 2021.

The 2022 Legislature passed S.B. 421, which authorized the state of Kansas to transfer \$1.125 billion from the State General Fund directly to KPERS in Fiscal Years 2022 and 2023. The first \$253.9 million pays off the outstanding accounts receivable for KPERS-School employer contributions withheld in Fiscal Year 2017 and Fiscal Year 2019, discussed previously, while the remaining \$871.1 million is applied to the KPERS-School unfunded actuarial liability. In Fiscal Year 2022, \$600.0 million was transferred to the System. S.B. 421 authorized two additional transfers totaling \$271.0 million in Fiscal Year 2023 (reflected in the projected cash flows of the System).

Based on the employer contribution history described above, it is a reasonable assumption that the State/School group's contribution rate may not be certified at the statutory rate at some point in the future. It has been assumed that the contribution rates will be made within the same range as have been seen in the past few years. Using this assumption, actuarial modeling indicates that employer contribution rates for the State/ School group are sufficient to avoid a depletion date.

Sensitivity of the District's proportionate share of the net pension liability to changes in the discount rate. The following presents the District's proportionate share of the net pension liability calculated using the discount rate of 7.00%, as well as what the District's proportionate share of the net pension liability would be if it were calculated using a discount rate that is 1-percentage point lower (6.00%) or 1-percentage point higher (8.00%) than the current rate:

<u>1% Decrease (6.00%)</u>	<u>Discount rate (7.00%)</u>	<u>1% Increase (8.00%)</u>
\$485,056,744	\$343,112,036	\$224,487,336

Pension Expense. For the year ended June 30, 2022, the District recognized pension expense of \$53,163,172, which includes the changes in the collective net pension liability, projected earnings on pension plan investments, and the amortization of deferred outflows of resources and deferred inflows of resources for the current period.

Deferred Outflows of Resources and Deferred Inflows of Resources. At June 30, 2023, the District reported deferred outflows of resources and deferred inflows of resources related to pensions from the following sources:

	Deferred outflows of resources	Deferred inflows of resources
Differences between actual and expected experience	\$ 7,605,134	\$ 149,063
Net differences between projected and actual earnings on investments	28,896,120	-

\$29,562,694 reported as deferred outflows of resources related to pensions resulting from District contributions subsequent to the measurement date will be recognized as a reduction of the net pension liability in the year ended June 30, 2024.

Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pensions will be recognized in pension expense as follows:

Year ended June 30,	Deferred
	[Inflows] Outflows Amount
2024	\$ 32,133,779
2025	27,305,951

B. Interfund Transfers and Due To/From Other Funds

K.S.A. 72-6478 allows the transfer of monies between funds. Interfund transfers occurred during the year and were made between the funds identified in the following table to provide sufficient resources to pay the expenditures in the funds receiving the transfer. The due to and due from between funds were recorded to eliminate negative cash in any individual fund.

C. Voluntary Early Retirement Plan

The District offers a voluntary early retirement plan, available to its certified and administrative staff. Employees must have completed at least 15 years of service with the District and must be eligible to receive unreduced retirement benefits from KPERS during the next school year in order to be eligible to receive benefits under the plan. Benefits include bimonthly payments that are based on a percentage of the employee's final annual base contract salary. Benefits apply for a maximum of five years, or until the employee reaches age 65, whichever occurs first. The District's contributions are financed on a pay-as-you-go basis. The contributions for the year ended June 30, 2023 were \$2,229,791. At June 30, 2022, the District's liability under this plan was \$5,411,283.

D. Contingent Liabilities

The District receives significant financial assistance from numerous federal and state governmental agencies in the form of grants and state pass-through aid. The disbursement of funds received under these programs generally requires compliance with terms and conditions specified in the grant agreements and is subject to audit.

Any disallowed claims resulting from such audits could become a liability of the General Fund or other applicable funds. However, in the opinion of management, any such disallowed claims will not have a material effect on the financial statements of the District at June 30, 2023.

The District is exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. These risks are covered by commercial insurance purchased from independent third parties. There has been no significant change in insurance coverage from the previous fiscal year. During the past three fiscal years, settlements have not exceeded insurance coverage.

The District has a self-insured workers' compensation program for all District employees. The fund is accounted for as a District Internal Service Fund. The program is administered by a third-party administrator. In order to mitigate the risk associated with this program, the District has purchased individual and aggregate "stop loss" insurance of \$300,000 per occurrence and total aggregate of \$1,000,000. The District has on deposit funds for a claims payment account with its third party administrator, but there remains no transfer of risk. The District's liability for claims incurred but not paid, including IBNR claims, is \$2,124,787 as of June 30, 2023. This liability is based on estimates provided by the third-party administrator.

Changes in the District's claims liability in fiscal years 2023 and 2022 are as follows:

	<u>June 30, 2023</u>	<u>June 30, 2022</u>
Unpaid claims, beginning of year	\$ 2,124,787	\$ 1,672,306

D. Contingent Liabilities (Continued)

The District has a self-insured health insurance program for all District employees. The fund is accounted for as a District Internal Service Fund. The program is administered by a third-party administrator. In order to mitigate the risk associated with this program, the District has purchased individual and aggregate "stop loss" insurance of \$150,000 per occurrence. The District has on deposit funds for a claims payment account with its third party administrator, but there remains no transfer of risk. The District's liability for claims incurred but not paid, including IBNR claims, is \$2,367,100 as of June 30, 2023. This liability is based on estimates provided by the third-party administrator.

Changes in the District's claims liability in fiscal years 2023 and 2022 are as follows:

	<u>June 30, 2022</u>	<u>June 30, 2021</u>
Claims liability, beginning of year	\$ 2,645,400	\$ 2,820,300
Incurred claims (including IBNR)	40,892,895	42,219,898

Unpaid claims, end of year	<u>\$ 2,367,100</u>	<u>\$ 2,645,400</u>

The District is also a party in a number of lawsuits as a result of the ordinary course of school activities. District management and legal counsel anticipate that the potential claims against the District not covered by insurance, if any, resulting from such matters would not materially affect the financial position of the District.

A potential liability exists regarding rebatable arbitrage on several series General Obligation Bonds. An arbitrage rebate calculation will be completed to determine if such a liability exists.

E. Capital Project Funds Expenditures - Budget and Actual (Budgetary Basis)

The District prepares annual operating budgets for the majority of the governmental funds; however, for the capital projects construction funds, project-length budgets are prepared. The projects budgeted, approved budgets, and cumulative expenditures, as of June 30, 2023, are as follows:

<u>Project Name</u>	Project	Cumulative	Remaining

F. Postemployment Healthcare Plan

Plan Description. The District operates a single employer defined benefit healthcare plan administered by the District. The Employee Benefit Plan (the Plan) provides medical and pharmacy benefits to eligible retirees and their dependents. KSA 12-5040 requires all local governmental entities in the state that provide a group health care plan to make participation available to all retirees and dependents until the retiree reaches the age of 65 years. No separate financial report is issued for the Plan.

Employees covered by benefit terms. The following employees were covered by the benefit terms as of the actuarial valuation date of January 1, 2023:

Active members	4,041
Retired members	<u>139</u>
Total	<u>4,180</u>

Total OPEB Liability. The District's total OPEB liability of \$23,507,586 as of June 30, 2026 was measured as of January 1, 2023, and was rolled forward based on the actuarial valuation as of that date.

Actuarial assumptions and other inputs. The total OPEB liability in the January 1, 2023, actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods in the measurement, unless otherwise specified:

Valuation date	January 1, 2023
Actuarial cost method	Entry age normal as a level percentage of payroll
Inflation	2.50%
Salary increases	2.50%
Discount rate	4.00%
Healthcare cost trend rates	6.50% for 2022, decreasing .25% per year to an ultimate rate of 4.50% for 2031 and later years
Retiree's share of benefit related costs	100% of projected health insurance premiums for retirees

The discount rate was based on the average of the published yields from the S&P Municipal Bond 20-year High Grade and the Fidelity GO AA-20 Year indexes. Mortality rates were based on the Society of Actuaries Pub-2010 Public Retirement Plans Headcount-weighted Teachers Mortality Tables using Sale MP-2021 Full Generational Improvement.

Changes in the total OPEB liability are as follows:

	Total OPEB
	<u>Liability</u>
Balance 7/1/2022	\$ 22,935,944
Service cost	1,219,169
Interest	890,586

G. Postemployment Benefit Plan – KPERS

Plan Description. The District participates in a multiple-employer defined benefit other postemployment benefit (OPEB) plan (the Plan) which is administered by the Kansas Public Employees Retirement System (KPERS). The Plan provides long-term disability benefits and a life insurance benefit for disabled members to KPERS members, as provided by K.S.A. 74-04927. The Plan is administered through a trust held by KPERS that is funded to pay annual benefit payments. However, because the trust's assets are used to pay employee benefits other than OPEB, the trust does not meet the criteria in paragraph 4 of GASB Statement No. 75, Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions. Accordingly, the Plan is considered to be administered on a pay-as-you-go basis.

Benefits. Benefits are established by statute and may be amended by the KPERS Board of Trustees. The Plan provides long-term disability benefits equal to 60 percent (prior to January 1, 2006, 66 2/3 percent) of annual compensation, offset by other benefits. Members receiving long-term disability benefits also receive credit towards their KPERS retirement benefits and have their group life insurance coverage continued under the waiver of premium provision.

The monthly long-term disability benefit is 60 percent of the member's monthly compensation, with a minimum of \$100 and a maximum of \$5,000. The monthly benefit is subject to reduction by deductible sources of income, which include Social Security primary disability or retirement benefits, workers compensation benefits, other disability benefits from any other sources by reason of employment, and earnings from any form of employment. If the disability begins before age 60, benefits are payable while the disability continues until the member's 65th birthday or retirement date, whichever occurs first. If the disability begins after age 60, benefits are payable while the disability continues, for a period of five years or until the member retires, whichever occurs first. Benefit payments for disabilities caused or contributed to by substance abuse or non-biologically based mental illnesses are limited to the shorter of the term of the disability or 24 months per lifetime.

The death benefit paid to beneficiaries of disabled members is 150% of the greater of 1) the member's annual rate of compensation at the time of disability, or 2) the members previous 12 months of compensation at the time of the last date on payroll. If the member has been disabled for five or more years, the annual compensation or salary rate at the time of death will be indexed using the consumer price index, less one percentage point, to compute the death benefit.

If a member is diagnosed as terminally ill with a life expectancy of 12 months or less, the member may be eligible to receive up to 100% of the death benefit rather than having the benefit paid to the beneficiary. If a member retires or disability benefits end, the member may convert the group life insurance coverage to an individual insurance policy.

Covered employees. The following employees were covered by the Plan as of the actuarial valuation date of December 31, 2021:

Active members	4,835
Disabled members	<u>37</u>
Total	<u>4,872</u>

Total OPEB Liability. The District's total OPEB liability of \$6,592,077 reported as of June 30, 2023, was measured as of June 30, 2022, and was determined by an actuarial valuation as of December 31, 2021 which was rolled forward to June 30, 2022, using the following actuarial assumptions:

Valuation date	December 31, 2021
Measurement date	June 30, 2022
Actuarial cost method	Entry age normal
Inflation	2.75%
Salary increases	3.50%
Payroll growth	3.00%
Discount rate	3.54%

The discount rate was based on the bond buyer general obligation 20-bond municipal index.

Mortality rates were based on the RP-2014 Mortality tables, as appropriate, with adjustment for mortality improvements based on Scale MP-2021.

The actuarial assumptions used in the December 31, 2021, valuation were based on an actuarial experience for the three-year period beginning January 1, 2016. Other demographic assumptions are set to be consistent with the actuarial assumptions reflected in the December 31, 2021, KPERS pension valuation.

Changes in the total OPEB liability are as follows:

	Total OPEB Liability
Balance 7/01/2022	\$ 6,909,791
Service cost	574,578
Interest	155,798
Benefit paid	[545,844]
Changes of economic gains/losses	[140,049]
Changes in assumptions	[362,197]
Balance 6/30/2023	<u>\$ 6,592,077</u>

Changes in assumptions. Changes in assumptions and other inputs reflect the effects on changes in the discount rate each period. The discount rate increased from 2.16% to 3.54% since the last valuation date.

Sensitivity of the total OPEB liability to changes in the discount rate. The following presents the District's total KPERS OPEB liability calculated using the discount rate of 3.54%, as well as what the District's total KPERS OPEB liability would be if it were calculated using a discount rate that is 1% point lower (2.54%) or 1% point higher (4.54%) than the current rate.

H. Related Party Transactions

The District paid \$531,612 during the year ended June 30, 2022, for school paraprofessional services to a company that employs a member of the District’s Board of Education.

I. Tax Abatements

During the year ended June 30, 2023, 46 tax abatement agreements were in effect that reduced the District’s property tax revenues. The agreements were entered into by the cities of Olathe, Kansas, Shawnee, Kansas, and Lenexa, Kansas. The purposes of the agreements are to spur business development and employment within those entities’ boundaries by offering a percentage reduction in property taxes for the business owners and property developers. District property taxes were reduced by \$6,642,907 during fiscal year 2023.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION

Changes in benefit terms for KPERS. Effective January 1, 2014, KPERS Tier 1 members' employee contribution rate increased to 5.0% and then on January 1, 2015, increased to 6.0% with an increase in benefit multiplier to 1.85% for future years of service. For Tier 2 members retiring after July 1, 2012, the cost of living adjustment (COLA) is eliminated, but members will receive a 1.85% multiplier for all years of service.

January 1, 2015, the KPERS 3 cash balance plan became effective. Members enrolled in this plan are ones first employed in a KPERS covered position on or after January 1, 2015, or KPERS 1 or KPERS 2 members who left employment before vesting and returned to employment on or after January 1, 2015. The retirement benefit is an annuity based on the account balance at retirement.

Changes in assumptions.

The major items of impact in the actuarial valuation dated December 31, 2014 relative to the prior valuation are as follows:

- Reduce disability rates by 20% for all three KPERS groups.
- Increase the termination of employment rates for State Males and Local Males and Females.
- Modify the election of a deferred benefit by Local vested members who terminate employment in future years.
- Modify the retirement rates for the C60 group.
- Increase the load for the impact of final average salary provisions for Local, C55 and C60 members hired before July 1, 1993.
- Establish an interest crediting rate of 6.50% for KPERS 3 members.

As a result of the experience study completed in November 2016, there were several changes made to the actuarial assumptions and methods since the prior valuation are as follows:

- The price inflation assumption was lowered from 3.00% to 2.75%.
- The investment return assumption was lowered from 8.00% to 7.75%.
- The general wage growth assumption was lowered from 4.00% to 3.50%.
- The payroll growth assumption was lowered from 4.00% to 3.00%.
- The post-retirement health mortality assumption was changed to the RP-2014 Mortality Table, with adjustments to better fit the observed experience for the various KPERS groups. The most recent mortality improvement scale, MP-2016, is used to anticipate future mortality improvements in the valuation process through the next experience study.
- The active member mortality assumption was modified to also be based on the RP-2014 Employee Mortality Table with adjustments.
- The retirement rates for the select period (when first eligible for unreduced benefits under Rule of 85) were increased, but all other retirement rates were decreased.
- Disability rates were decreased for all three groups
- The termination of employment assumption was increased for all three groups
- The interest crediting rate assumption for KPERS 3 members was lowered from 6.50% to 6.25%.

NOTES TO REQUIRED SUPPLEMENTARY INFORMATION (CONTINUED)

As a result of the experience study completed in January 2020, there were several changes made to the actuarial assumptions and methods since the prior valuation. The changes are as follows:

- The investment return assumption was lowered from 7.75% to 7.50%.
- The general wage growth assumption was lowered from 3.50% to 3.25%.
- The payroll growth assumption was lowered from 3.00% to 2.75%.
- Changes from the January 2020 experience study that impacted individual groups are listed below:
- Retirement rates were adjusted to partially reflect observed experience.
- Termination rates were increased for most KPERS groups.
- Disability rates were reduced.
- Factors for the State group that are used to anticipate higher liabilities due to higher final average salary at retirement for pre-1993 hires were modified to better reflect actual experience.
- The administrative expense load for contributions rates was increased from 0.16% to 0.18%.

Assumption changes effective for the December 31, 2020 actuarial valuation were as follows:

- The investment return assumption was lowered from 7.50% to 7.25%.
- The general wage growth assumption was increased from 3.25% to 3.50%.

Assumption changes effective for the December 31, 2021 actuarial valuation were as follows:

- The investment return assumption was lowered from 7.25% to 7.00%.
- Interest crediting rate assumption for KPERS 3 members was lowered from 6.25% to 6.00%
- Annuity interest rate assumption for KPERS 3 members was lowered from 5.75% to 5.00%

COMBINING STATEMENTS – INTERNAL SERVICE FUNDS

Internal Service Funds are used to account for the financing of goods or services provided by one department or agency or other departments of agencies of the governmental unit, or to other governmental units, on a cost reimbursement basis.

Health Insurance Reserve: The Health Insurance Reserve fund tracks expenditures including the actual premiums, claims and other third party administration fees associated with the District health programs. Any revenue would come from the District itself in an accounting mechanism to track the actual insurance premiums in the Operating funds.

Workers' Compensation Reserve: The Workers Compensation Reserve fund tracks expenditures made to doctors, specialists, 75 and pharmacies related to worker's compensation claims. A re-pricing company is used to obtain the best pricing for medical fees. Additional expenses are operating costs and ergonomic equipment. This fund is self-insured by the District and is covered by an excess insurance policy which covers single events greater than \$300,000.

Risk Management Reserve: The Risk Management Reserve fund provides for the protection of District resources and promotes the safety of students, staff and the public. Effective oversight and management of the fund assists with minimizing the Districts exposure to liability and provides sound loss control practices. Funds transferred from the General fund (primary funding source) to the Risk Management fund are utilized for the purchase of insurance, payment of claims as well as related costs arising from legal action and settlement.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. This schedule estimates the portion of the overlapping debt of those overlapping governments that is borne by the residents and businesses of the District. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping government.

UNIFIED SCHOOL DISTRICT NO. 233

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2023

1. Organization

The Unified School District No. 233 (the District), is the recipient of several federal awards. All federal awards received directly from federal agencies as well as those awards that are passed through other government agencies, are included on the Schedule of Expenditures of Federal Awards

2. Basis of Presentation

The accompanying Schedule of Expenditures of Federal Awards includes the federal grant activity of the District, and is presented on the Kansas regulatory basis of accounting which includes cash disbursements, accounts payable and encumbrances. The information presented in this schedule is in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of the basic financial statements. The District elected not to use the 10% de minimis indirect cost rate.

3. Local Government Contributions

Local cost sharing is required by certain federal grants. The amount of cost sharing varies with each program. Only the federal share of expenditures is presented in the Schedule of Expenditures of Federal Awards.

4. Additional Audits

Grantor agencies reserve the right to conduct additional audits of the District's grant programs for economy and efficiency and program results that may result in disallowed costs to the District. However, management does not believe such audits would result in any disallowed costs that would be material to the District's financial position at June 30, 2023.

5. Outstanding Loans

The District did not have any outstanding loans under any federal grants at June 30, 2023.

6. Pass Through Numbers

Pass through numbers have not been assigned to some of the pass through grants on the schedule of expenditures of federal awards.

**Report on Internal Control Over Financial Reporting and on Compliance and
Other Matters Based on an Audit of Financial Statements Performed in
Accordance With *Government Auditing Standards***

INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 233

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the governmental activities, the business-type activities, each major fund, budgetary comparison information, and the aggregate remaining fund information of the Unified School District No. 233 (District), as of and for the year ended June 30, 2023, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 17, 2023.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**Report on Compliance for Each Major Federal Program and
Report on Internal Control Over Compliance Required by the Uniform Guidance**

INDEPENDENT AUDITOR'S REPORT

Board of Education
Unified School District No. 233

Report on Compliance for Each Major Federal Program

Opinion on Each Major Federal Program

We have audited the Unified School District's No. 233 (District) compliance with the types of compliance requirements identified as subject to audit in the OMB *Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2023. The District's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

In our opinion, the District complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2023.

Basis for Opinion on Each Major Federal Program

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America (GAAS); the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*); and the audit requirements of Title 2 U.S. *Code of Federal Regulations* Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Our responsibilities under those standards and the Uniform Guidance are further described in the Auditor's Responsibilities for the Audit of Compliance section of our report.

We are required to be independent of the District and to meet our other ethical responsibilities, in accordance with relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on compliance for each major federal program. Our audit does not provide a legal determination of the District's compliance with the compliance requirements referred to above.

Responsibilities of Management for Compliance

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to the District's federal programs.

Auditor's Responsibilities for the Audit of Compliance

Our objectives are to obtain reasonable assurance about whether material noncompliance with the compliance requirements referred to above occurred, whether due to fraud or error, and express an opinion on District's compliance based on our audit. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance

with GAAS, *Government Auditing Standards*, and the Uniform Guidance will always detect material noncompliance when it exists. The risk of not detecting material noncompliance resulting from fraud is higher than for that resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Noncompliance with the compliance requirements referred to above is considered material, if there is a substantial likelihood that, individually or in the aggregate, it would influence the judgment made by a reasonable user of the report on compliance about the District's compliance with the requirements of each major federal program as a whole.

In performing an audit in accordance with GAAS, *Government Auditing Standards*, and the Uniform Guidance, we:

- exercise professional judgment and maintain professional skepticism throughout the audit.
- identify and assess the risks of material noncompliance, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the District's compliance with the compliance requirements referred to above and performing such other procedures as we considered necessary in the circumstances.
- obtain an understanding of the District's internal control over compliance relevant to the audit in order to design audit procedures that are appropriate in the circumstances and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over compliance. Accordingly, no such opinion is expressed.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

Report on Internal Control Over Compliance

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. Given these limitations, during our audit we did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, material weaknesses or significant deficiencies in internal control over compliance may exist that were not identified.

Our audit was not designed for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, no such opinion is expressed.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.
