

Club SciKidz

Where Science & Technology Connect!

Ask About Our Technology Field Trips!

Your destination for Extraordinary Summer and School Programs!

Now enrolling for SUMMER CAMPS 2025!

We believe that every child has an innovative and scientific mind and we can make them better! Club SciKidz was founded on the principle that parents want to provide their children with exciting, challenging, and life impacting academic enrichment experiences. Our company is committed to demonstrating how science works in the real world by providing activities in veterinary medicine, robotics, forensics, video game creation, food science, paleontology, engineering, chemistry and biology, astronomy, oceanography, emergency medicine, and special effects.
