

Parent Notice of Immunization and Health Assessment Requirement Grades K - 5

Student's Name:

Immunizations

Kansas regulations (K.S.A. 72-6261 through 72-6268) require every pupil enrolling for the first time in a Kansas school to present proof that the pupil has received required immunizations. The Kansas Certificate of Immunization lists immunization requirements based on age and grade level.

Proof of **one each of DTaP, IPV, MMR, Hepatitis A, Hepatitis B, and Varicella**, must be presented prior to admission **and then**, according to our district policy, additional boosters received prior to

- the second Monday in October for students enrolled thru August 31,
- the second Monday of January for students enrolled September 1 thru November 30,
- the second Monday of April for students enrolled December 1 thru March 31.

Kindergarten through 3rd grade Students only - Health Assessment

Kansas regulations require every student up to age nine enrolling for the first time in a Kansas school to present proof of a health assessment performed by a physician or another health professional as specified by K.S.A. 72-6267. Ask the school nurse if you would like a list of agencies that provide health assessments. As an alternative to the health assessment a parent may present a written, signed statement indicating religious opposition to health assessments.

According to our district policy, the health assessment may be conducted

- up to 12 months prior to school entry,
- prior to the second Monday in January, or
- within 90 calendar days from the student's entry to school.

Permission for Release of Immunization Information to Kansas Immunization Registry

The **Kansas Immunization Registry, KSWebIZ**, is a confidential computer system that collects and selectively discloses information to authorized persons about the vaccination history of persons in the State of Kansas.

The purpose of the Kansas Immunization Registry is to consolidate immunization information among health care professionals, assure adequate immunization levels, and to avoid unnecessary immunizations. Access is limited to individuals and entities that either provide immunization services or are required to ensure that persons are immunized. The privacy of participants and the confidentiality of information contained in the registry are protected at all times by all authorized users.

The Olathe School Nurses are users of KSWebIZ and with parent permission, enter student immunization records into the registry. Johnson County Health Department and many area health care providers also participate in KSWebIZ.

Participation in the program is completely voluntary and no other health or educational records will be shared other than school immunization records. If you would like your student's immunization history to be entered into this system, please sign below and return to the school nurse.

Name of Student _____

I give permission for the school immunization record to be released to the Kansas Immunization Program including the immunization registry for the purpose of assessment, reporting, and prevention of disease. I further understand that this consent will remain effective for a) the length of time my student is enrolled in Olathe District Schools or b) until it is revoked by a parent/guardian in writing.
