The screenshot shows the UMB online banking interface for a Health Savings Account (HSA). The page includes a navigation menu with options like 'Accounts', 'Bill Pay', 'Mobile Banking', 'HSA Tools', 'HSA Info', and 'Change Settings'. A user is logged in as 'SCOTT'. The main content area displays 'Your Accounts' with a 'PRINT' button. A prominent banner for 'HSA SAVER INVESTING' is visible, along with a 'Learn more' button. Below this, a table lists the account details for the 'Health Savings Account (HSA)'. The table shows the account name, available HSA deposit balance, and HSA self-directed investment balance. A 'Special Offers' box on the right suggests spending HSA dollars at a drugstore. A footer note asks the user to contact support if other accounts should be shown.

UMB HSA online banking Instructions

You can access your account online via hsa.umb.com. If you have not yet established a user ID and password you will first need to sign up.

You can do this by clicking  located at the top of the page. In the pop-up box, you will click **Sign up for online banking**.

You will then have two enrollment options to choose from the drop down menu:

1. HSA Deposit Account

You will need the following information:

- **10-digit HSA number** - (starts with 98) This can be found on any of your account statements or your welcome letter.
- **Last five digits of your Social Security number**
- **Street Address** - must be entered exactly as it appears on your statements (i.e. Statement reads: *123 W Main St* you must enter it exactly as it appears, If you enter: *123 West Main Street*, you will receive an error)
- **Statement Zip Code**

2. HSA Debit Card

You will need the following information:

- **16-digit HSA Visa Debit Card number**
- **Last five digits of your Social Security number**
- **HSA Visa Debit Card expiration date** (MM/YY)
- **Statement Zip Code**

If all the information is entered correctly, you will then be prompted to establish a User ID and Password. When you create a User ID you must click **Check for availability** before continuing.

After you have setup the User ID and Password you will then be asked to sign in and create your Security Profile.

You will go through five steps to set up your security profile the first time you log in:

1. What is this?	This step will give you an overview of the reason for the enhanced security and a glimpse of how it works.
2. Security Questions	You will select five different questions from the drop down menus and answer each question. There are a total of 30 questions to choose from.
3. Confirm	You will review the information you entered to assure that the information is correct.
4. Complete	You will now be able to continue to Your Online Banking.
